Extended sessions can be arranged when necessary, that will include an additional fee.

CANCELLATIONS

There is no charge for missed appointments **IF APPOINTMENT IS CANCELLED AT LEAST 24 HOURS IN ADVANCE.** If the appointment is for Monday, the cancellation may be made-by leaving a message with the answering service. **WE DO CHARGE FOR APPOINTMENTS NOT CANCELLED 24 HOURS IN ADVANCE.**

EMERGENCY SERVICES

In the event of an emergency including, but not limited to suicidal ideations, homicidal ideations, severe decompensation, acute psychotic symptoms, and/or other urgent issues requiring immediate action please call 911, the Crisis Hotline (713-HOTLINE), or go to the nearest emergency room. Your therapist will usually be available to assist you personally should an emergency consultation becomes necessary: however, at times, a colleague may cover calls or you may have to contact emergency services (911) if no colleagues are immediately available. You may reach us at (713) 365-9015, leave a message and a call back number on your

therapist's private voicemail. Again, if this is an emergency please call 911 and do not leave a voicemail. If the phone consultation requires more than 15 minutes, you will be billed for time.

If your therapist reasonably believe that you are a danger, physically, behaviorally, emotionally, or mentally, to yourself or another person, you specifically consent for me to warn the person in danger, and to contact the following persons, in addition to emergency medical services, your primary care physician, other medical personnel, law enforcement, officers of the court, and/or 911 staff:

List three people to contact during an emergency (Person name, relation, and phone number)

TECHNOLOGY

As a policy, we typically do not accept social media request from clients or follow clients on social media. Please see attached Social Media policy for further details. We may choose to utilize text, phone, and email as a form of communication for schedule or facts. Your therapist will NOT provide counseling via email or text. They will respond and let you know that they have received your message. Your therapist can receive voicemails and emails from their business phone and computer that are directed to their cell phone. Please know that your therapist will respond to your voicemails and emails during office hours. However, do not leave emergency information on this voicemail or email and call 911.

FEES

Payment is due at the time of service rendered in the form of cash, check or credit card. We do not file insurance in this office; however, for those clients that belong to an insurance company that wish to file, we will give you an itemized statement so that you can file it with your insurance company in order to have them reimburse you directly.

It is the policy of this practice to turn delinquent accounts over to collection after 90 days. If it becomes necessary to do this, there will be an additional 10% charge to the outstanding balance.

SERVICE TERMINATION

You acknowledge that the services provided by me to you are voluntary. You or your therapist may elect to terminate services after appropriate and therapeutic termination occurs for any reason.

Social Media Policy

This outlines my office policies related to use of Social Media. Please read it to understand how I conduct myself on the Internet as a mental health professional and how you can expect me to respond to various interactions that may occur between us on the Internet.

“Friending and Fanning”

I may or may not accept friend or contact requests from current or former clients on any social networking site (Facebook, LinkedIn, Instagram, etc.) This can blur the boundaries of our therapeutic relationship.

I keep a Facebook Page for my professional practice to allow people to share my blog posts and practice updates with other Facebook users. You are welcome to view my Facebook Page and read or share articles posted there, but becoming a fan is not recommended. I believe having clients as Facebook Fans creates a greater likelihood of compromised client confidentiality and I feel it is best to be explicit to all who may view my list of Fans to know that they will not find client names on that list. In addition, the American Counseling Association’s Ethics Code prohibits my soliciting testimonials from clients, former clients, or any other persons who may be vulnerable to undue influence.

“Following”

We publish a blog on the company’s website, personal sites, and post psychology/counseling news on Facebook and Instagram. I have no expectation that you as a client will want to follow my blog or any social media stream. My primary concern is your privacy. If you share this concern, there are more private ways to follow my professional page on a social media platform (such as using an RSS feed). Note that I may or may not follow you back knowingly. I may or may not follow current or former clients on blogs or any social media platforms.

Interacting

Please do not use messaging on social networking sites such as Twitter, Facebook, Instagram, and/or LinkedIn to contact me. These sites are not secure and I may not read these messages in a timely fashion. Do not use wall postings, @replies, or other means of engaging with me in public online if we have an already established client/therapist relationship. Engaging with me this way could compromise your confidentiality. It may also create the possibility that these exchanges become a part of your legal medical record and will need to be documented and archived in your chart.

If you need to contact me between sessions, the best way to do so is by phone. Direct email (provided separately) is second best for quick, administrative issues such as changing appointment times. See the email section below for more information regarding email interactions.

Email

We prefer using email only to arrange or modify appointments. Please do not email me content related to your therapy sessions, as email is not completely secure or confidential. If you choose to communicate with me by email, be aware that all emails are retained in the logs of your and my Internet service providers. While it is unlikely that someone will be looking at these logs, they are, in theory, available to be read by the system administrator(s) of the Internet service provider. You should also know that any emails I receive from you and any responses that I send to you could become a part of your legal record.

Use of Search Engines

It is NOT a regular part of my practice to search for clients on Google or Facebook or other search engines. Extremely rare exceptions *may* be made during times of crisis. If I have a reason to suspect that you are in danger and you have not been in touch with me via our usual means (coming to appointments, phone, or email) there *might* be an instance in which using a search engine (to find you, find someone close to you, or to check on your recent status updates) becomes necessary as part of ensuring your welfare. These are unusual situations and if I ever resort to such means, I will fully document it and discuss it with you when we next meet.

Business Review Sites

You may find my private practice on sites such as Yelp, Healthgrades, Yahoo Local, Bing, or other places which list businesses. Some of these sites include forums in which users rate their providers and add reviews. If you should find my listing on any of these sites, please know that my listing is NOT a request for a testimonial, rating, or endorsement from you as my client. The American Counseling Association’s Ethics Code states under C.3 Advertising and Soliciting Clients that “Counselors who use testimonials do not solicit them from current clients, former clients, or any other persons who may be vulnerable to undue influence. Counselors discuss with clients the implications of and obtain permission for the use of any testimonial.”

Of course, you have a right to express yourself on any site you wish, but due to confidentiality, I cannot respond to any review on any of these sites whether it is positive or negative.

If you feel I have done something harmful or unethical and you do not feel comfortable discussing it with me, you can always contact the Texas State Board of Examiners of Professional Counselors, which oversees licensing, and they will review the services I have provided.

Texas State Board of Examiners of Professional Counselors | Complaints and Management and Investigative Section | P.O Box 141369, Austin, Texas 78714-1369

Conclusion

Thank you for taking the time to review my Social Media Policy. If you have questions or concerns about any of these policies and procedures or regarding our potential interactions on the Internet, do bring them to my attention so that we can discuss them.
